BCM Client Services

Cost Reduction

BCM reduces our clients overheads and supplies costs for medium to large clients. Profits are lost in these cost categories and BCM experts are very proficient at uncovering non competitive rates, supplier overcharges, and process improvements.

eTendering Services

BCM provides this service mainly for state and semi-state bodies. Such bodies are required to abide by procurement guidelines that ensure transparency and fairness in all state procurement projects. This is a BCM core competence.

Business Franchising

Has your business moved beyond the start up stage? If so, you should think about franchising your business either nationally or internationally. This is a very fast and cashflow positive way to expand. BCM are experts in franchising...

Revenue Growth

BCM grows revenues for small to medium clients. SMEs generally have difficulty growing revenues though lack of resources or lack of expertise. BCM provides both and typically will double your revenues over the course of our engagement...
