BCM BUSINESS COST MANAGEMENT
& COST REDUCTION

MAKING COST
SAVINGS FREES
YOUR COMPANY
TO GROW

What does **BCM** Business Cost Management do?

If You Want to Increase Your Business Profits then Read On:

At BCM our focus is on Cost Management and Cost Reduction. We examine small, medium and large organisations for savings potential.

Note that BCM does not sell any products or represent any suppliers ... we simply look at items or services you currently purchase and identify savings for you.

BCM has been in business since 1993 with offices on every continent worldwide.

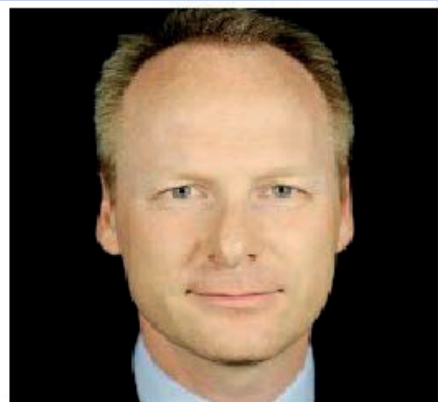

BCM also focuses heavily on implementation... providing you with a report that simply makes recommendations to save money is of little or no value.

We therefore ensure that all recommendations are fully implemented once you are happy to go to this stage.

Finally, our famous guarantee of 'No Savings... No Charge' combined with our fee structure based on a % of savings identified, ensures that the cost of our service will always be significantly less than the savings found.

You therefore take no risk in engaging BCM to review your business costs. Contact us now for a free, no obligation review!

SOME RECENT CLIENTS:

Left:
Brian Iverson - CFO of ISS
Facility Services.

Right:
Viv Cantillon - Finance director
at Henkel.

What do our customers say about our services?

"Having now undergone the large majority of the cost reduction project covering a number of areas within the group, I am writing to thank you for the service BCM Group provided.

We thought we had a strong hold our expenses, however we managed to find further savings that were substantial and obtained with minimal input from ourselves.

SH Symons, Facility Manager
Bond Pearce Group Law Firm

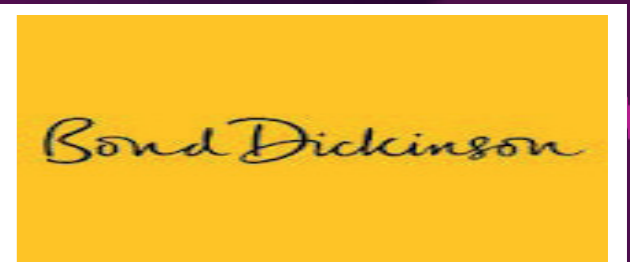

"Business Cost Management came to our office, gathered all our financial data and came back with reports of appreciated savings. For a job well done in the scope of cost management we want to say,

„Thank you!"

Brian Iverson, CFO
ISS Facility Services

"We found the experience very positive with very good savings identified in energy consumption. We also found the assistance with the reduction of loss making facilities and the increase in internet sales to be of tremendous benefit."

Viv Cantillon - Finance Director
Henkel
